

Applicants also respectfully request that the above-captioned application be amended as follows:

**IN THE CLAIMS:**

Please add new claims 11-13 as follows:

-- 11. A method of using an herbicide combination for controlling harmful plants in soybean crops, wherein the herbicide combination comprises glufosinate-ammonium and cloransulam-methyl.

12. A method of controlling harmful plants in tolerant soybean crops, which comprises applying glufosinate-ammonium and cloransulam-methyl, jointly or separately, pre-emergence, post-emergence or pre- and post-emergence to the plants, parts of the plants, seeds of the plants or the area under cultivation.

13. An herbicidal composition for controlling harmful plants in soybean crops, comprising glufosinate-ammonium and cloransulam-methyl.--
